So she plays ***Peonies with Butterflies*** to secure an Animal card...

But there are no Chrysan-themums on the table!

Over-whelming victory is in sight!

Looking good!

...thereby completing a combo— ***Chrysanthemum with Sake Cup + Sakura with Banner!*** That's worth 5 points!! She can call!!

She plays the ***Sake Cup*** and adds the match to her point pile...

A Chrysan-themum!

And...

... there it is!

She takes a gamble on squeezing more points from her granny!

...so this is the least risky tactic!

Competition is stiff, but it at least gives you a chance of getting close to her...

So they can swoop in beside her!

LIKE THIS

...which only increases your disappointment.

What's worse, it means she likes them more...

But if Komi sits next to people who are already seated, you've completely lost.

I WISH THEY'D HURRY UP...
